

Europa Uomo Report of the Secretary

Louis Denis

STEERING COMMITTEE

Paris, February 25, 2012

Europa Uomo: Goal 2012

- Recognized need for more information concerning disease of the aging population
 - Recognized need for increased awareness of prostate diseases among professionals and patients
 - Recognized need to create an international source and disseminating body for patient information and education on both ageing and prostate diseases
- Europa Uomo was founded in 2003 to address these needs

Take Home Messages

1. The strength of the chain depends on each individual ring.
The Confederation exists to reach our aims and strengthen membership.
2. Support and solidarity for members and all other cancer patients is our rule.
3. Our professional partners are responsible for our information/education but we are responsible to achieve holistic care.
